Good morning,

All of you that are receiving this message are members of our Countywide Safe Schools Committee. Normally we would have scheduled a formal meeting in the month of March. However, Sheriff Campos has arranged for a presentation on March 23 by Mr. Phil Chalmers, a nationally recognized speaker. This presentation is taking place at Westview High School on March 23 from 8 a.m. to 4 p.m. The flyer is attached.

I encourage each of you to attend or at minimum send a representative from your department to this presentation.

We will record this as our 2nd meeting of the 17-18 school year and schedule our final meeting for some time in May.

Thank you all for all you do in support of all students, staff and the community at large in LaGrange County.

Cathy
